SECTION 1

How to Use This Planner

Your guide to getting the most from every page

This planner is designed to be printed and used alongside your knitting projects. Every page is a tool — use them in whatever order suits your creative flow.

Printing Tips

- 1 **Print single-sided** for easier binder organization, or double-sided to save paper.
- 2 **Use a 3-ring binder** so you can rearrange, add, or remove sheets as needed.
- 3 **Print only what you need.** Running low on Project Tracking Sheets? Print more of just that section.
- 4 **Laminate a few sheets** and use dry-erase markers for reusable tracking (great for WIP Tracker and Needle Inventory).

How the Sections Work

Project Tracking

One sheet per project. Fill in details as you start, and update modifications and notes as you go.

Yarn Stash Inventory

Log every skein you own. Update yardage as you use yarn so you always know what you have on hand.

Needle Inventory

Stop buying duplicate needles. A quick reference for your entire collection.

WIP Tracker

See all your active projects at a glance. Prioritize and track progress in one place.

Wish List

Capture pattern ideas, yarn dreams, and future projects before you forget them.

Yearly Goals

Set intentions for your knitting year. Track monthly milestones and new skills to learn.

Pro Tip

Keep a pen clipped to your binder so you can jot notes the moment inspiration strikes — or the moment you change a pattern.

SECTION 2

Project Tracking Sheets

20 full-page forms — one for every project

Project Tracking Sheet #1

Project Name

Pattern Source

Yarn (Brand, Color, Weight)

Needles (Type, Size)

Gauge (stitches × rows per 4")

Start Date

Target End Date

Actual End Date

Modifications Made

Notes

Tip: Tame Your WIP Pile

Review this tracker once a week. Move finished projects to your Project Tracking Sheets and celebrate your completions. If a WIP has been stalled for more than 3 months, ask yourself: frog it or finish it?

SECTION 6

Wish List

Capture every pattern and project idea before it slips away

Pattern & Project Wish List #1

SECTION 7

Yearly Knitting Goals

Set your intentions and track your growth as a knitter

This Year I Want To...

Write your top knitting goals for the year. Be specific — "Knit my first sweater" is better than "Knit more."

1.

2.

3.

4.

5.

6.

7.

8.

9.

10.

Monthly Mini-Goals

MONTH	GOAL 1	GOAL 2	DONE?

Next Step

Your knitting journey is beautifully unique — and now it is beautifully organized, too.

Print the sheets you need, slip them into a binder, and start tracking your very next project. Every stitch you record is a step toward becoming the knitter you want to be.

Happy knitting!
